O POSITIV HEALTH

More Project Description

Brianna Bitton knew firsthand how limiting it felt to have so few options for hormonal health. She struggled with debilitating PMS symptoms and undiagnosed PCOS, desperate for long-term relief—while watching her mother navigate menopause with few solutions of her own.

OAKCHA

More Project Description

At Oakcha, we believe that fragrance is part of self-expression. Whether you feel like wearing a sweet and inviting scent or a warm and spicy scent on a different day, everybody should be able to own a fragrance collection that has a scent suited to their every whim and desire.
